

EN SIZE COUNTER

GENERAL FEATURES

- Ext & int 304 S/S ; Back and base galvanized
- Anti-condensation door mullion heaters
- Removable cassette type condensing unit and evaporator
- Forced air cooling system
- Hygienic one-piece S/S dished base with round corners
- Removable door gasket ; Digital smart controller
- Accommodates with 400x600 size bakery trayslides
- Self-vaporizing system, no need drainage connect
- Environmental friendly refrigerant; CFC-free insulation
- High density insulation foam 43 kg/m³
- Integrated bending handle
- Less 90° self closing door, over 90° door opening
- Adjustable legs or castors (Optional)
- Cylindrical door locks
- Designed to operate up to 43 °C

MODEL			
	HECR1D	HECR2D	HECR3D
Temp(°C)	+1 / +4°C		
Dimension	960x770x850	1495x770x850	2030x770x850
Power (W)	660	770	1210
Voltage	220V / 50Hz / 1PH		
Capacity (L)	166	361	559
Refrigerant	R134a		
Defrost	Off cycle		

Important Notes:

- * All refrigeration equipment requires adequate ventilation for efficient performance.
- * Kalo reserve the right to change product specifications stated without prior notice.
